~~~~~

Please note: Normally, when the requirements for a degree change due to Catalog changes, the Catalog in effect at the time of the student's initial enrollment as a degree-seeking student governs the degree requirements. Thus all the freshmen who entered in Fall 2016 will come under the requirements of 2016-2017 Catalog. Also, those who chose to change their major in Fall 2016 will follow the Catalog currently in effect (2016-2017 Catalog).

Students who have interrupted their studies and who are re admitted after non-enrollment of two consecutive semesters must follow the Catalog in effect at the time of readmission.

**The decision to approve or disapprove a student's request is based on the student's willingness and ability to complete outstanding degree requirements within a specified time. Students should normally graduate within four years of their initial enrollment.**

Seniors are required to follow the 2013-2016 Catalog because choosing the new Catalog will adversely affect the time to their degree completion.
